WEBATHON 2.0

Introduction

WEBATHON is an initiative of Department of CS to nurture the budding developers with technical skills and competitiveness to prove dexterous edge over the others. Webathon is the finest platform for the ingenious minds to show their talents in Website development field & come together to put their skills to test. It is an event to honour the student's interests, competencies and technical skills in web technologies. It aims to Motivating students to come together and share their enthusiasm and love for Technology.

It provides an opportunity to the students, wherein they can exhibit their technical competence, knowledge and skill sets required to be an effective web developer.

The Webathon is an annual program conducted by the students of BCA department. This will be the 2nd edition of the event. Participant will be given 5-themes at inauguration function. They have to choose any one of them and design a website for it in allotted 2 hours, which will be followed by their 3 minutes presentation on developed website. The winners will be decided after that and will be awarded exciting prizes.

Webathon Objectives:

➢ To create awareness amongst Students of IT and Management about the practical exposure of the latest trends in Web technology sector.

➢ To search the talent among the students and to bring the various educational facets of the students to the surface.

➢ Enable students to brush-up their technical skills.

➢ Provide Students bright Career Opportunity
